

Parents Guide for Installing Your PrimarySite App

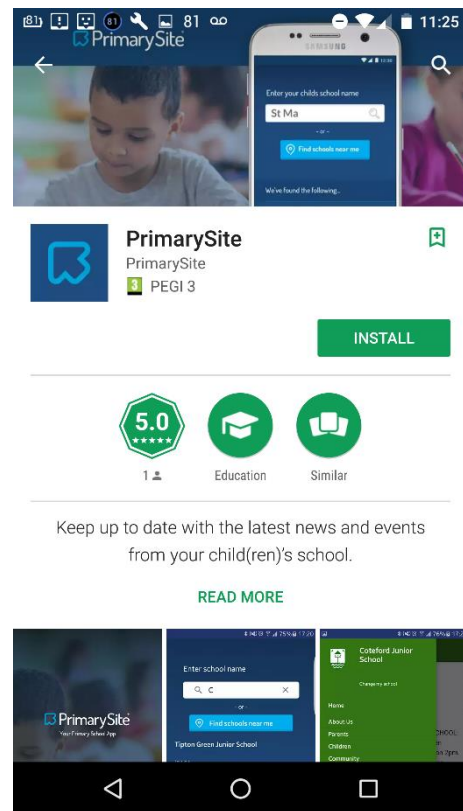

Step 1

Open the app store on your device and search for 'Primarysite' in the search box.

You should then find the following:

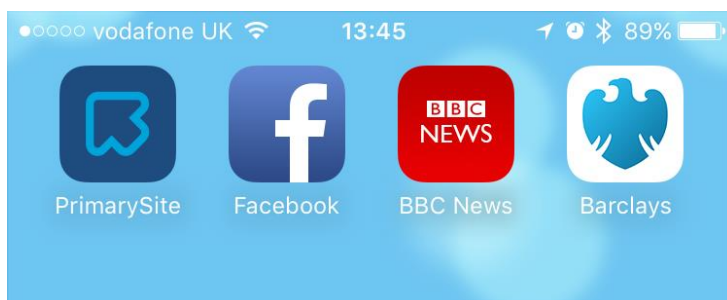

Apple App Store

Google Play Store

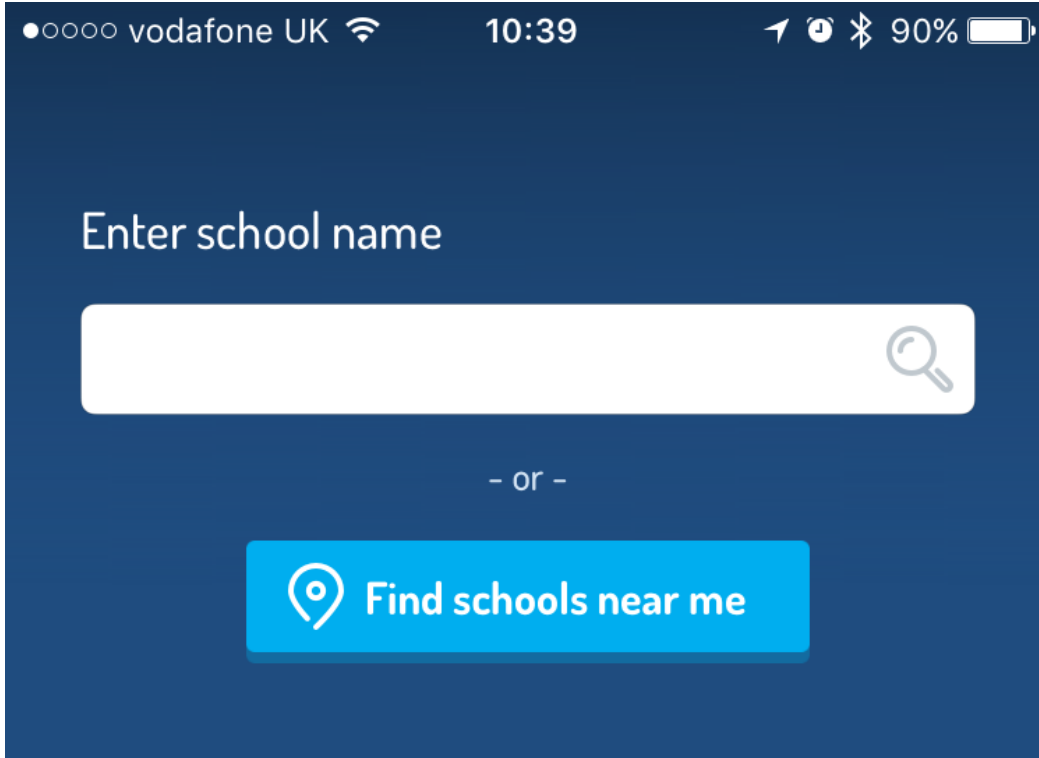

Step 2

Once you have downloaded the app to your device, click on the app icon that will now appear on your device

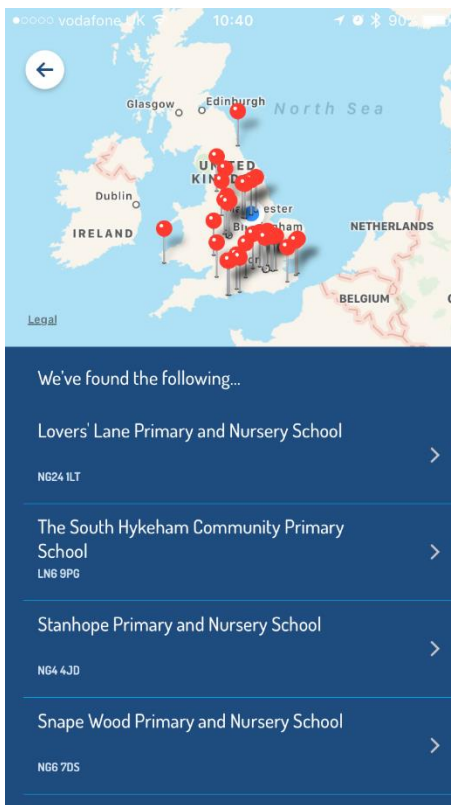

Step 3

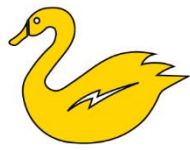

The app will now open on the initial setup screen. You may be prompted to allow the app to send you push notifications, this will ensure the school is able to keep you up to date with relevant information.

You will then need to either search for your child's school in the white box or select the 'Find schools near me' option. Then choose your school from the list displayed.

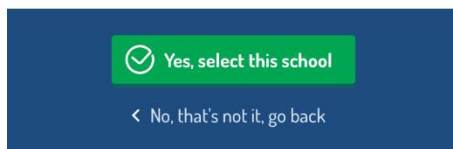

Once you have selected your school, you will see the following screen.

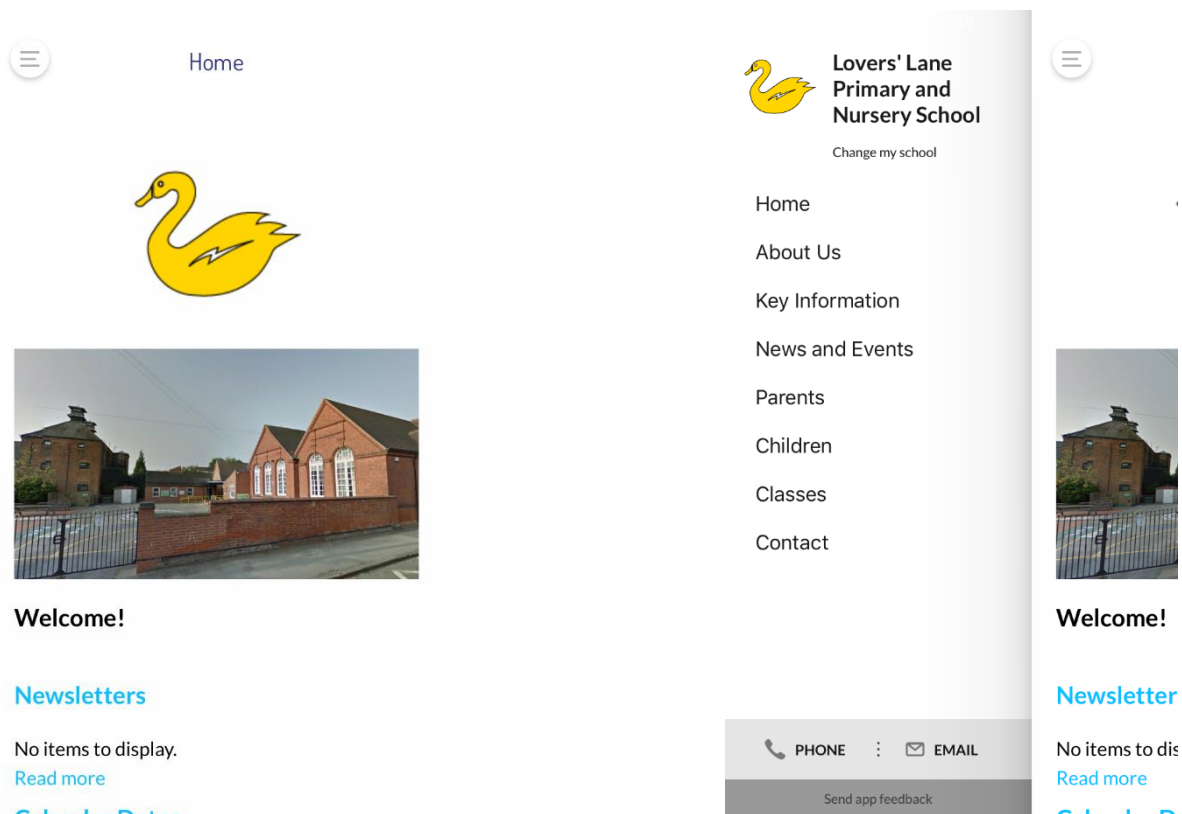

Lovers' Lane Primary and Nursery School

POSTCODE
NG24 1LT

Once you select 'Yes, Select this school' the initial set up is complete. The next time you open the app you will be taken straight to the school app.

The home screen of the app will look like this. This also shows the menu if you click the icon in the top left hand corner

Once you have downloaded the app and set it up successfully, the school will be able to send you push notifications straight to your device. They will look like this:
